HOW TO PLAY

Make sure your IQ pump is fully charged before use. LED light will flash while charging and glow solid when finished charging.

To turn on/off your Renegade IQ pump, hold the power button for 3 seconds.

MANUAL MODE:

Press Power Button to start suction, and press again to stop. Press Pressure Release Button to release pressure. Holding down the Pressure Release Button will release all pressure.

SMART MODES

Press Power Button to start suction. Once desired pressure is reached, press Smart Button to start Smart Exercise Mode. The pump will automatically record the desired pressure. There are 3 smart modes in total, press Smart Button to cycle between different modes.

Now you are ready to start the SMART PLAY MODES by pressing the Smart Button.

SMART MODE 1 (RED LIGHT)

Your Renegade IQ pump will start suction and continue until your ideal vacuum level is reached, then release the pressure slowly. This process repeats automatically for 10 minutes.

SMART MODE 2 (GREEN LIGHT)

Your Renegade IQ pump will start the suction and continue until your ideal vacuum level is reached, hold the pressure for 1 minute, then release the pressure. This process will repeat for 10 minutes.

SMART MODE 3 (BLUE LIGHT):

Your Renegade IQ pump will start the suction and continue until your ideal vacuum level is reached, hold the pressure for 5 minute, then release the pressure. This process will repeat for 4 times (about 20 minutes).

To switch back to manual mode, press Power Button or Pressure Release button.

CARE

Twist off the Motor Compartment at the top of your IQ pump and wash the cylinder and the sleeve after each use with liquid anti-bacterial soap and water.

Pat dry with soft, cotton towel and allow to air dry completely.

MATERIAL : ABS (Motor Compartment), PS (Cylinder), TPR/TPE (Sleeve).

BATTERY : USB Rechargeable Built in Lithium Battery

CHARGE TIME: 120 minutes

PLAY TIME: 110 minutes

WATERPROOF: Cylinder and Sleeve only.
The Motor compartment is not waterproof.
