CHARGING INSTRUCTIONS

This pump arrives with a partial charge, so it is recommended to fully charge before use. To charge, connect the USB plug into the USB port of your computer or other output and the DC charger to the outlet at the pumps base.

Initial and subsequent charges will take about 50 minutes to complete.

The indicator light will illuminate while device is charging and turn off when toy is fully charged.

There is no danger of battery damage by overcharging, but it's recommended not to overcharge for long periods of time.

Charge lasts for about 110 minutes of play time at the highest level of suction and about 130 minutes at the lowest level.

This pump operates at a sound level of 60db with a rechargeable 500mAh lithium battery at 3.7V.

INSTRUCTIONS FOR USE

This pump has a convenient 2-button control at the side of its base. Hold the pump base down with the control panel facing you for the following instructions. To turn pump on, press the pump Power Button for at least 2 seconds. The lights will turn on and pump will begin suction at its first lowest frequency.

Once the pump is on, press the Power Button again, a single time for each new speed or function for a total of 4. To turn pump off, press Power Button for at least 3 seconds.

Use the bottom Release Button to instantly release the air inside the tube.
