ZERO TOLERANCE

Product Specifications:

Material: Silicone & ABS
Battery/Voltage: 3.7V
Remote: LDX-751524/3.7V/
220MAH/Lithium-ion
Anal Plug: YL-102535/3.7V/
850MAH/Lithium-ion
Number of Vibrations:
10 vibrating, 10 thrusting
User time: 45 - 90 Minutes
Sound Level: ≤60dB

CHARGING INSTRUCTIONS

It is recommended to charge this toy fully before first use. Connect the USB plug into a power source at one end and the DC charger onto the magnetic pins at the back of the toy's handle. The LED light will flash while the device is charging and remain solid when fully charged. Charges take 2.5 hours or less to complete.

Charge lasts for about 90 minutes of play time on the lowest vibration level, and about 45 minutes of play time on the highest level. This toy operates at a sound level of 60db with a 850mAh lithium battery at 3.7V.

Charge the remote control with the same charger and method, using the magnetic pins on its back panel.

INSTRUCTIONS FOR USE

1. The control panel is located underneath the toy's handle.
2. Press the double arrow button for 2 seconds to turn toy on. The light will flash and both motors will begin in standby mode.
3. Press the double arrow button again more quickly to cycle through 5 vibrating / thrusting speeds and patterns (simultaneously).
4. Press the tapping button for 2 seconds to engage the tapping function (once toy is on and in standby). Press again more quickly to cycle through 5 tapping speeds, and standby.
5. To turn the toy off, press the double arrow button for 2 seconds. The light will turn off and the motors will cease.

INSTRUCTIONS FOR USE WITH REMOTE CONTROL

1. Note: The toy must first be turned on with its double arrow button directly before remote will work. Turn on the remote control by pressing its double arrow button for at least 2 seconds. The remote light will turn on and be ready to use.
2. Press the double arrow button again more quickly to cycle through 5 vibrating / thrusting speeds and pattern.
3. Press the tapping button to engage the tapping motor and cycle through 5 tapping speeds.
4. Press each button for 2 seconds and both functions will cease and return to standby. The remote control cannot turn the toy off completely.

USB RECHARGEABLE
