

CHEEKY LOVE PREMIUM SILICONE PLUG L

This cone shaped anal plug is a thermo reactive plug, which means it gets softer when heated, and harder when cooled. The inner core is filled with Silexpan. The exterior is soft and lifelike silicone. This ensures a higher flexibility and dual density: soft outside, hard inside. Because of the suction cup base, the plug sticks firmly to any smooth surface. It also enhances the sense of security while using the anal toy.

Size L, dimensions: length 13 cm / 5.2 inch, diameter 7.5 cm / 3 inch.
