BOO MASSAGE OIL MAKE LOVE SCENTED 150ML

BOO scented massage oil is suitable for body massages. Treat each other with the fine BOO Massage Oil Scented. The oil lubricates the skin to reduce friction while doing a massage. It makes a smooth glide over the skin surface easier, while spreading a pleasant scent. BOO massage oil also helps to regenerate the skin's natural flexibility.

This scented massage oil has a pleasant smell that adds to the experience for both the massager as the one getting the massage.

Apply an amount of oil to the hands and slowly start rubbing and massaging. Once the oil gets warmer because of hand temperature, body temperature and the movements, it will glide smoothly. Apply new oil to your hands to extend the massage to other body parts, or every time you feel it has been absorbed by the skin.
