

GP DATEX FRONT EXPOSURE DRESS

This exposure dress in shiny black Datex has a high backside and an open bust. The tight black mini dress has no zipper or buttons, but is still easy to put on or take off thanks to the stretchy nature of the Datex material. A kinky dress for lovers of that latex look and fetish dresses, from the Guilty Pleasure Fetish Wear collection.

Datex is a revolutionary material made of natural rubber latex, printed on an elastic knitted fabric. The result is a very stretchable material with the looks and touch of latex on the outside and the softness and comfort of the stretchy fabric on the inside.

Datex is comfortable to wear, it has that exciting look of latex, but not the disadvantage of being sticky and sweaty. It is easy to put on or take off without any additional dressing aids or conditioners. Datex provides great comfort, softness and flexibility, and at the same time the fetish look and touch that make latex so unique and appreciated.
