

GP DATEX TROUSERS

This grey and black Datex pair of pants with a jockey appearance is perfect for role play and for everybody who loves the look of latex and the look of uniforms alike. These tightly fitting black pants with grey accents have all the details needed for that distinct military appearance. The pants have pockets with zippers, belt loops, a red stripe along the sides, and to make the imagination go wild there is a crotch zipper starting at the front side and going all the way to the waist band on the back side. Once opened, it is only the snap button on the front that keeps things together. Combine these Datex pants with a sergeant jacket from the Guilty Pleasure Fetish Wear collection to create a perfect set.

Datex is a revolutionary material made of natural rubber latex, printed on an elastic knitted fabric. The result is a very stretchable material with the looks and touch of latex on the outside and the softness and comfort of the stretchy fabric on the inside.

Datex is comfortable to wear, it has that exciting look of latex, but not the disadvantage of being sticky and sweaty. It is easy to put on or take off without any additional dressing aids or conditioners. Datex provides great comfort, softness and flexibility, and at the same time the fetish look and touch that make latex so unique and appreciated.
