

GP DATEX MIDI SKIRT

This Datex midi skirt in shiny black reaches till just over the knees and fits tightly around the body thanks to the elastic waist band and the nature of the Datex material: a latex layer on a layer of stretchy knitted fabric. The skirt combines great with a body, bra, top or jacket from the Guilty Pleasure Fetish Wear collection, for an exciting outfit.

Datex is a revolutionary material made of natural rubber latex, printed on an elastic knitted fabric. The result is a very stretchable material with the looks and touch of latex on the outside and the softness and comfort of the stretchy fabric on the inside.

Datex is comfortable to wear, it has that exciting look of latex, but not the disadvantage of being sticky and sweaty. It is easy to put on or take off without any additional dressing aids or conditioners. Datex provides great comfort, softness and flexibility, and at the same time the fetish look and touch that make latex so unique and appreciated.
