

GP PRINTED DATEX FOOTLESS THIGH HIGHS

A set of footless thigh highs in red and black. The stockings have a black latex print in a sexy open pattern and a Cuban seam at the back side, on a transparent red knitted fabric that is highly elastic. The material is stretchable and flexible, which will ensure great wearing comfort and a unique look, following the body curves smoothly. The printed Datex thigh highs are great to wear in combination with the printed Datex suspender belt, or with a Datex mini dress from the Guilty Pleasure collection.

Datex is a revolutionary material made of natural rubber latex, printed on an elastic knitted fabric. The result is a very stretchable material with the looks and touch of latex on the outside and the softness and comfort of the stretchy fabric on the inside. The unique features of this material offer unlimited and revolutionary possibilities in the production of the clothing. These latex garments can be sewn in a traditional way without the gluing process as with latex. What's more, the seams are stronger thanks to the unique quality. This means hardly any customer complaints about defects.
