

GP PRINTED DATEX SUSPENDER BELT RED

A suspender belt made of transparent red knitted fabric with black latex printed along the edges. The 6 latex garters have metal clips to attach suspender stockings. The suspender belt is easy to put on and take off, and comfortable to wear thanks to the stretchy material. This suspender belt from the Guilty Pleasure Printed Datex collection is a great match for the footless thigh highs with latex print.

Datex is a revolutionary material made of natural rubber latex, printed on an elastic knitted fabric. The result is a very stretchable material with the looks and touch of latex on the outside and the softness and comfort of the stretchy fabric on the inside. The unique features of this material offer unlimited and revolutionary possibilities in the production of the clothing. These latex garments can be sewn in a traditional way without the gluing process as with latex. What's more, the seams are stronger thanks to the unique quality. This means hardly any customer complaints about defects.
