

## GP PRINTED DATEX BRA & PANTY SET BLACK

A bra & panty set made of black fabric and latex, from the Guilty Pleasure Printed Datex collection. The firm latex edges of the panty are attached with metal rings at the hips. Also, the latex rims of the bra are attached with metal rings. The bra closes with a clip between the triangle cups. The knitted fabric is semi-transparent. The panty and bra both have a latex print in a honeycomb pattern.

Datex is a revolutionary material made of natural rubber latex, printed on an elastic knitted fabric. The result is a very stretchable material with the looks and touch of latex on the outside and the softness and comfort of the stretchy fabric on the inside. The unique features of this material offer unlimited and revolutionary possibilities in the production of the clothing. These latex garments can be sewn in a traditional way without the gluing process as with latex. What's more, the seams are stronger thanks to the unique quality. This means hardly any customer complaints about defects.
