

## GP PRINTED DATEX STRIPED MINI SKIRT RED

This mini skirt from the Guilty Pleasure Printed Datex collection is made of black transparent fabric with stripes of printed red latex on it. On the lower part there are twice as much stripes, printed closer together. The back panel of the mini skirt is longer than the front panel. Datex is flexible and stretchable and has a unique look. It follows all the body curves smoothly and feels comfortable to the skin. This mini skirt makes a perfect set with the GP Datex Printed Crop Top.

Datex is a revolutionary material made of natural rubber latex, printed on an elastic knitted fabric. The result is a very stretchable material with the looks and touch of latex on the outside and the softness and comfort of the stretchy fabric on the inside. The unique features of this material offer unlimited and revolutionary possibilities in the production of the clothing. These latex garments can be sewn in a traditional way without the gluing process as with latex. What's more, the seams are stronger thanks to the unique quality. This means hardly any customer complaints about defects.
