

GP DATEX BODYSUIT WITH BOWS

This Datex playsuit with underwired cups combines shiny black latex with red satin accents. On the hips and on the breasts are criss-cross lacings of satin ribbon that can be tied. The elastic adjustable spaghetti straps can be removed, so the playsuit can also be worn strapless. The bodysuit closes with a zipper on the backside, that can be opened from the top down, all the way along the crotch to the front side. A perfect combination of a naughty bodysuit with the shiny looks of latex, from Guilty Pleasure.

Datex is a revolutionary material made of natural rubber latex, printed on an elastic knitted fabric. The result is a very stretchable material with the looks and touch of latex on the outside and the softness and comfort of the stretchy fabric on the inside.

Datex is comfortable to wear, it has that exciting look of latex, but not the disadvantage of being sticky and sweaty. It is easy to put on or take off without any additional dressing aids or conditioners. Datex provides great comfort, softness and flexibility, and at the same time the fetish look and touch that make latex so unique and appreciated.
