

## GP DATEX DRESS BLACK

This Datex mini dress combines the black shiny latex look with red. The red stripe on the front side is a zipper that opens from the bottom up, highlighting the breasts and waist. The most striking part however is the stunning open back side. The Datex material has a deep cut out, decorated with a criss-cross lacing which is held by red loops along the edge. The spaghetti straps are adjustable and the extra seams in the dress make it fit tightly around the body. A sensational mini dress from the Guilty Pleasure collection.

Datex is a revolutionary material made of natural rubber latex, printed on an elastic knitted fabric. The result is a very stretchable material with the looks and touch of latex on the outside and the softness and comfort of the stretchy fabric on the inside.

Datex is comfortable to wear, it has that exciting look of latex, but not the disadvantage of being sticky and sweaty. It is easy to put on or take off without any additional dressing aids or conditioners. Datex provides great comfort, softness and flexibility, and at the same time the fetish look and touch that make latex so unique and appreciated.
