

## GP DATEX DRESS BLACK

This sleeveless long dress from the Guilty Pleasure collection has a 2-way zipper in the front, running from the round neckline until halfway down the wide flared skirt. The dress has shape providing seams. The black latex on the highly elastic knitted fabric follows the body curves tightly and highlights them with its shiny look. The stretchable and flexible Datex material provides great wearing comfort and the unique latex fetish appearance.

Datex is a revolutionary material made of natural rubber latex, printed on an elastic knitted fabric. The result is a very stretchable material with the looks and touch of latex on the outside and the softness and comfort of the stretchy fabric on the inside.

Datex is comfortable to wear, it has that exciting look of latex, but not the disadvantage of being sticky and sweaty. It is easy to put on or take off without any additional dressing aids or conditioners. Datex provides great comfort, softness and flexibility, and at the same time the fetish look and touch that make latex so unique and appreciated.
