

GP DATEX BUSTIER WITH GARTER STRAPS

This Datex bustier from the Guilty Pleasure collection has shape providing seams, an adjustable halter strap in the neck, and 4 elastic garters. The suspender straps can be adjusted by moving the metal clips up and down. The black elastic fabric of the bustier fits tightly around the body and the shiny latex highlights the body curves. The stretchable and flexible Datex material provides great wearing comfort combined with a fetish appearance. Wear your suspender stockings in style with this Guilty Pleasure bustier.

Datex is a revolutionary material made of natural rubber latex, printed on an elastic knitted fabric. The result is a very stretchable material with the looks and touch of latex on the outside and the softness and comfort of the stretchy fabric on the inside.

Datex is comfortable to wear, it has that exciting look of latex, but not the disadvantage of being sticky and sweaty. It is easy to put on or take off without any additional dressing aids or conditioners. Datex provides great comfort, softness and flexibility, and at the same time the fetish look and touch that make latex so unique and appreciated.
