

GP DATEX & MESH DRESS

This long sleeved dress closes at the front side with snap buttons from the deep V-neck all the way down to the hem. Close or unbutton more snap buttons to show less or more cleavage. The combination of shiny red latex and black stretchy mesh makes this dress a real eye catcher, following the body curves and highlighting the cleavage and hips. A visually slimming effect is obtained by the smart placement of the mesh panels on the hips and legs.

Datex is a revolutionary material made of natural rubber latex, printed on an elastic knitted fabric. The result is a very stretchable material with the looks and touch of latex on the outside and the softness and comfort of the stretchy fabric on the inside.

Datex is comfortable to wear, it has that exciting look of latex, but not the disadvantage of being sticky and sweaty. It is easy to put on or take off without any additional dressing aids or conditioners. Datex provides great comfort, softness and flexibility, and at the same time the fetish look and touch that make latex so unique and appreciated.
